SUBJECT: Weekly Report, 17-24 July 1956

3. There were numerous requests for portions of the Operations Support training. As previously mentioned most of these requests after being analyzed were turned down as the individual student benefit was not sufficient to warrant the disrupting influence on the entire class. Two students of the group requests were accepted, with the proviso that their offices be told of the difficulties encountered by students coming in the middle of the course.

5. A dispatch draft was submitted on 2 July to be sent through channels to [] in regard to taking over the tradecraft phase of Operations Support (see Weekly Report, 10 July). A telephone call on 24 July reveals that the draft is still in OTR Personnel for typing.
